FABRIC TECHNOLOGY

Nano Moisture Wicking

Permanent fiber technology pulls fluids away from the skin and evaporates off the fabric for quick dry comfort.

Nano Fluid Repellency

Permanent fiber technology repels fluids, which bead up and roll off the fabric to keep you dry and comfortable.

UV Protection

UV40+ protection against the sun while protecting the fabric from fading.

Hydrotech

Waterproof, windproof and breathable membrane to keep you warm, dry and comfortable.

Anti-Microbial

Reduces the bacteria that causes odor over time.

3-in-1 System

Outerwear system with light, mid, and heavy options for versatility to stay warm, dry and comfortable in fluctuating conditions.

Stock size availability charts are available at elbeco.com.

Ufx TACTICAL POLOS

You don't need to sacrifice comfort for a professional appearance. Designed for superior functionality, fit and performance, the Ufx™ Tactical Polos offer the best of both worlds. Engineered for action, it features stretch fabric for improved range of motion and moisture-wicking and antimicrobial technologies that will keep you dry and comfortable for the life of the shirt.

- Dual hidden mic shoulder pockets and mic/eyeglass loop at bottom of placket on chest
- No-curl knit collar with stays for professional appearance
- Dual pen pocket on left sleeve for easy access
- UV protection reduces sun damage
- 100% Polyester Swiss Pique Knit | 7.25 oz./sq. yard machine washable

VSS1 SUSPENSION SYSTEM

Eliminate the need for belt keepers and lighten your load. The VSS1 Suspension System redirects the weight of your duty belt from your hips and lower back, providing a feeling of weightlessness.

- Adjustable shoulder pads provide all-day comfort
- Optional crosspiece available for added stability
- Recommended for use with the Elbeco BodyShield™ External Vest Carrier
- Strap Fabric: Polyester Latex Webbing with 15% Stretch and 100% Recovery with hardened web tips to prevent unraveling
- Clips: Chemlon nylon in a flat black finish

Black:
VSS1

BODYSHIELD POUCHES AND ACCESSORIES

The BodyShield™ External Vest Carrier line of pouches allows you to move your equipment off of your duty belt and onto the vest carrier. This redistributes weight to make you more comfortable and reduce stress on your body.

- Color matched to blend with the BodyShield™ Vest Carriers
- Pouches must be sewn on to the vest carrier
- UV protection reduces damage from the sun
- 600 Denier Syntex 100% Polyester Tropical Weave | Weight: 7.2 oz./sq. yard

Fit Guide External Vest Carrier

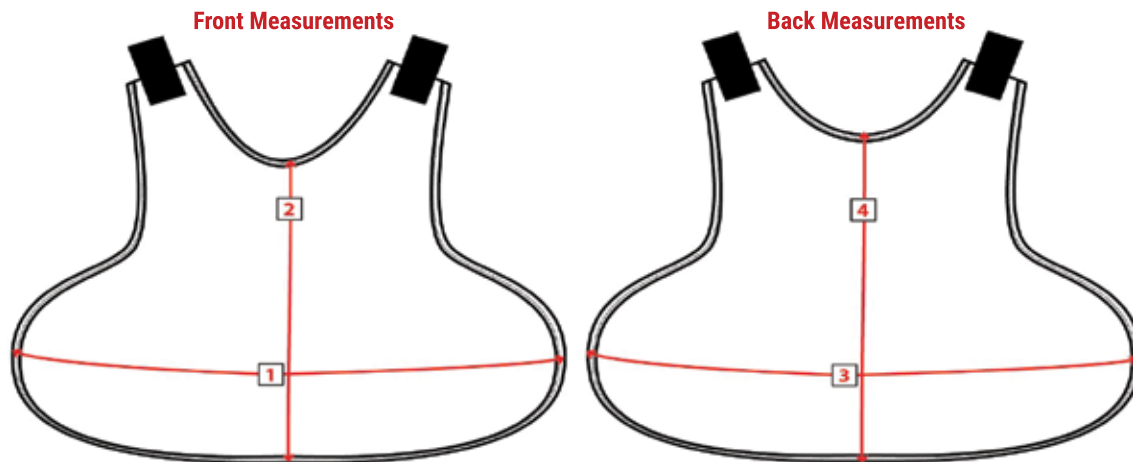

This document is meant to be used as a guide in determining suitable size options available & should not replace an actual garment fitting. Upon receipt of the garment, we recommend that it be tried on by the intended wearer to ensure proper fit prior to making any alterations.

We recommend the following in order to determine the most suitable size option:

Keep the ballistic panels inside the carrier when measuring.

Measure the full amount of both the ballistic panels and the excess fabric bulk created by the panel carrier

HOW TO MEASURE

1	Front Panel Width	With cloth tape measure, measure the ballistic carrier at the widest point of the body of the front panel. This point should fall between the bottom of the armhole & the waistline of the carrier.
2	Front Panel Height	With cloth tape measure, measure the front height of the ballistic carrier from the center front neckline to the waistline.
3	Back Panel Width	With cloth tape measure, measure the ballistic carrier at the widest point of the body of the back panel. This point should fall between the bottom of the armhole & the waistline of the carrier.
4	Back Panel Height	With cloth tape measure, measure the back height of the ballistic carrier from the center back neckline to the waistline.
