**PUBLIC SAFETY
UNIFORM CATALOG**

PREMIER UNIFORM MANUFACTURER FOR MILITARY & PUBLIC SAFETY

Flying Cross is a world leader in the design and manufacture of high-quality, precision-crafted uniform apparel for the U.S. military, public safety, fire and postal service markets. Since 1842, Flying Cross has been shaping the way uniforms are made by redefining function through innovation, advanced fabric technologies, superior fit, and the unparalleled power of appearance.

1842

Solomon "Samuel" Fechheimer opens a dry goods store in Northern Kentucky, leveraging his father's expertise in selling wholesale clothes in Mitwitz, Germany.

1865

Fechheimer is awarded a government contract to manufacture Civil War uniforms – standardizing men's uniform sizing for the first time in history.

1885

Samuel Fechheimer's sons May and Jacob, as well as Arnold Iglaue join forces and change the company name to Fechheimer Brother's Company.

1890

Fechheimer Brothers Company enters into an manufacturing agreement with the US Postal Service. The company is still providing Postal uniforms today.

1918

Fechheimer manufactures uniforms for American soldiers during World War I.

1932

Supplier of National Park Service Uniforms during the thirties and forties.

1945

Fechheimer services American soldiers with uniforms during World War II.

1980

Fechheimer Brothers Co. acquires B. Lipman's Flying Cross brand.

1986

Fechheimer is acquired by the Berkshire Hathaway Company.

2009

Designed in collaboration with an elite federal agency, Fechheimer launches its Vertx brand, introducing the market's first truly designed low-profile tactical pant.

2017

Fechheimer Brothers Co. celebrates its 175th year in business.

2018

Fechheimer Brothers secures initial contract to provide WWII Era-Inspired uniform to the U.S. Army.

MORE THAN HALF OF THE TOP 25 MOST POPULATED CITIES IN THE U.S. CHOOSE FLYING CROSS

Flying Cross offers the widest array of stock and custom blouse coats, honor guard uniforms and dress attire.

DRESS/
HONOR GUARD

From every fabrication, to every needed feature, Flying Cross provides class A and B uniform programs for a professional look.

CLASS A/B
UNIFORMS

Our line of Functional Duty Uniforms merges the desire for a clean, crisp, professional look with functional fabric and features for every job.

FUNCTIONAL
DUTY UNIFORMS

Flying Cross, along with its sister brand Vertx, offers a wide selection of garments geared to the needs of the class C and tactical environment.

CLASS C/
TACTICAL

Vertx offers a full line of on- and off-the-job low-profile apparel and gear that blends in multiple environments.

LOW-PROFILE/
LIFESTYLE

The oldest and largest active in-stock uniform manufacturer in the world. For nearly two centuries we have been providing hand crafted, custom and in-stock uniform designs for the U.S. Military, Federal Government, State and Local Law Enforcement, U.S. Postal, and a variety of other public safety service organizations.

As the parent company, **Fechheimer operates under two brands: Flying Cross and Vertx.** With the power of two brands, we cover the spectrum of products needed to serve our customers. Flying Cross offers dress/honor guard apparel, class A and class B uniforms, functional duty uniforms and outerwear. Vertx offers tactical uniforms, and mission-specific low-profile apparel and gear.

THE BEST VALUE

- ☑ Superior products priced at a value - no strings attached

MADE IN THE U.S.A. CAPABILITIES

WE STILL MANUFACTURE IN THE USA! Our ability to manufacture uniform garments in the United States is a huge honor and accomplishment. American manufacturing has always lead the way in quality and design for uniform apparel.

We operate two manufacturing facilities in the US:

- Hodgenville, Kentucky
- Grantsville, Maryland

We operate the widest, most robust supply chain of American contractors. All of our programs undergo our rigorous quality standards to ensure we manufacture the highest quality of garments for our customers.

DRESS UNIFORMS

For years, Flying Cross has manufactured quality Dress Uniforms offering a clean and crisp appearance for department events, court appearances, inspections or any other occasion requiring formal attire. Flying Cross is able to offer such a well known line of Dress Uniforms thanks to attention-to-detail and harmonizing function with comfort in each and every style. Flying Cross Dress Uniform styles include single breasted dress coats and customized honor guard uniforms with a choker style collar.

Dress Coat Styling

Our dress blouse coats offer each customer a world-class professional appearance. From excellent customer care, product design and development, and superior comfort and fit, Our quality and craftsmanship reflects the pride we take in manufacturing each garment.

HYBRID PERFORMANCE PATROL SHIRT

To perform your duties, you need a garment that can integrate with your uniform, and be comfortable and professional-looking enough to be worn as a stand alone shirt. The 37.5 Technology, Performance Hybrid Patrol Shirt does just that, and offers up to 5X more cooling than any other performance technology on the market today. Remain cooler and drier as 37.5 Technology regulates your body's micro climate by evaporating moisture, helping you sweat less.

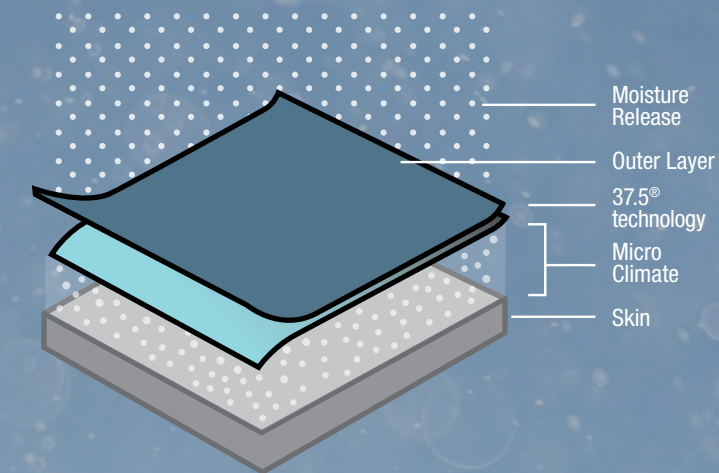

FEATURES:

- Uniform shirt design in the shoulder, arm and collar features stretch PolyCotton, Ripstop.
- 37.5° technology in the fabric of the torso works as an extremely effective evaporative cooling system keeping wearers cool and dry.
- Freedom Collar for a professional appearance and additional comfort
- Modern athletic fit for wearing under external vest covers.
- Pen pocket on left chest

AVAILABLE:

LAPD Navy	Silver Tan
Black	OD Green

FX7020VS 86

WHAT IS 37.5° TECHNOLOGY?

Gain the same proven performance of elite athletes by staying cool under pressure, reducing body exertion with a quicker dry time, and maintaining a proper body pH to control odor.

The 37.5° technology uses the power of science to help you increase stamina when needed, and maintain your body's comfort zone to enhance alertness, reaction and clarity of thought for the challenges of your daily job.

BENEFITS

- Uses your body's radiant heat to keep you warm when temperatures drop (cold environments)
- Actively responds to your body's release of moisture to keep you dry and cool when temperatures rise (warm environments)
- Regulates moisture and sweat by eliminating it at the vapor stage
- Dries faster than other leading performance fabrics
- Traps odor molecules for odor-free performance
- Permanent performance that never washes out

MODERNLY-DESIGNED POLO 100% POLYESTER

STAY COOL AND DRY WITH LIGHTWEIGHT, SNAG-FREE POLO

Temperatures may climb but the 100% Polyester, modernly-designed Command Polo offers all-day coolness and comfort with lightweight, breathable, moisture wicking fabric technology. The Command Polo is built with non-snap knit fabric that offers natural stretch for a wide range of movement and additional comfort. Constructed with a longer shirt tail to ensure the garment remains tucked and a no-roll sport collar for a consistent look, the shirt maintains a sharp, professional appearance. The Command Polo can be worn as a uniform shirt and looks great with embroideries, and sewn on badges and patches or can be worn as casual wear. Stay comfortable, dry, and command authority with the Command Polo.

FEATURES:

- Polo features fabric with wicking and anti-microbial properties for all-day comfort
- Anti-pick fabric for a clean, snag-free appearance
- No-roll collar for consistent, crisp appearance
- Longer shirt tail design in the back for maintaining a professional shirt tuck
- Communications loop on the inside of back collar and wire pass-through on side seams

DESIGNED FOR WOMEN.

Uniformed fit that feels great, improves comfort, and enhances professional appearance

ProX Signature Fit offers the professional fit desired by women in law enforcement, with the functionality and comfort needed to perform their day-to-day job. Using 3D metric data collected from thousands of women across the nation, we've achieved a fit solution that maintains the authoritative uniformed look expected, while addressing known bagging and sagging areas in the thigh and seat, and ill-fit in the rise and along the waist and leg. No more compromising or modifying male designs. Experience a fit designed specifically for women of all shapes and sizes.

FEATURES:

- Modernized pattern design reduces bagging in seat and thighs
- Tapered leg for professional appearance
- Adjusted rise offers performance coverage and great fit

L.A. SELECT

SHIRTS AND PANTS

100% PREMIUM WOOL

WHY WEAR WOOL?

Breathable – Wool's natural structure allows it to absorb and release water vapor into the atmosphere, keeping you warm in winter and cool in summer. All other man-made fibers aspire to what wool does naturally. No need for topical finishes.

Multi-Climatic – Wool acclimatizes to its surroundings. Wool can retain 30% of its weight in water (perspiration) allowing the wearer to feel cooler in the warm climates and keeps the wearer warm in the cold climates by retaining your body heat in the wool follicles.

Other Great Properties of Wool Non Allergenic, UV Protection.

20W95 86

100% natural premium worsted wool offers the ultimate in styling, comfort and durability. Our no-scratch, all-wool shirts and pants provide inherent breathability, and as a result, are the incomparable California-styled favorite. Long and short sleeve styles are available in men's and women's sizes.

COMMAND

SHIRTS AND PANTS

100% VISA® POLYESTER

Performance Polyester shirts and pants are by far the easiest to care for. Machine wash, dry, and wear. Not only does this amazing fabric retain its resilience, staying bright wash after wash, but "breathes" to give year 'round comfort. VISA® System 3™ is permanent and won't wash out. It's designed to wick away moisture and accelerate soil release when washing.

COMMAND SHIRTS

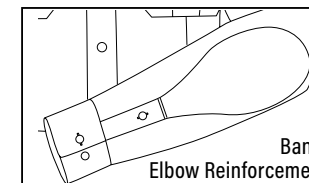

FEATURES:

- Fabric Weight/Weave: 7-7½-oz., Plain Weave
- Camera- and communication-ready wire pass through under pocket flaps, epaulets and along side seams
- Shoulder straps cross stitched symmetrically for neater appearance

OUTERWEAR

LIGHTWEIGHT, COLD-WEATHER, RAINWEAR DESIGNS

No matter the weather conditions, Flying Cross Outerwear has you covered. Designed to fit any climate and environmental needs of individual officers, Flying Cross Outerwear matches modern innovation with functionality and comfort for all-weather solutions. Utilizing technology such as VaporCore™ and Gore-Tex®, the collection of outerwear garments offers the necessary features to exceed the demands of your day-to-day job.

Featured Product:
65100 86 / 54100A 86

2 lower vertical hand warmer pockets with garaged zippers

Softshell jacket can be worn by itself or used as a liner to provide warmth, comfort and protection from the elements.

The DutyGuard™ ST Jacket is a modern-style three season jacket. It can be worn as a stand-alone rainshell in the Spring/ Fall, and layered with another outerwear liner during Winter.

Badge and patch waterproofing with iron-on seam tape

Full side zipper and snap closure for ventilating and weapon access

DUTYGUARD HT

HYBRID PULLOVER

HYBRID TECHNOLOGY

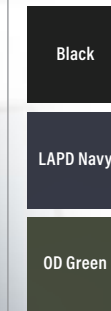

FUNCTIONAL COMPATIBILITY WITH LOAD-BEARING EXTERNAL ARMOR

The DutyGuard HT Hybrid Pullover is part of Flying Cross' next generation of duty outerwear. As a first-to-market outerwear garment designed to be worn with an external armor or carrier, the pullover offers increased weather protection while maintaining easy access to essential gear and equipment. In addition, it's fleece-lined chest pockets provide the right positioning for hand warming.

- 1 Torso fabric features 37.5° Technology for all-day temperature regulation and moisture management
- 2 Strategically-positioned chest pockets for hand warming

AVAILABLE:

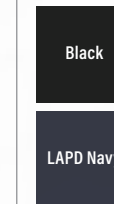

DUTYGUARD HT+ HYBRID TECHNOLOGY PLUS PULLOVER

The DutyGuard HT+ Pullover doubles down with added weather protection for combating colder climates while maintaining an athletic, lightweight design, fit for wearing underneath external armor carriers. The HT+ adds a fully lined and insulated upper chest and arms for extra weather guard to handle harsher environments, yet preserves many of the same revolutionary design elements as the DutyGuard HT, a first-to-market outerwear garment built for wear with an external vest.

- 1 Waterproof, windproof and breathable shell fabric throughout chest and arms that is fully lined and insulated for added warmth, comfort and weather protection
- 2 Lightweight, athletic design of the body that fits easily under armor carriers without fabric bunching
- 3 Expertly positioned fleece lined chest pockets for a warm, positive place to rest hands

AVAILABLE:

DUTYGUARD ST

ALL WEATHER DUTY UNIFORM

STORM TECHNOLOGY

LOW BULK, MODERN-STYLE JACKET

37.5 TECHNOLOGY

The DutyGuard ST Jacket is a modern reinterpretation of the classic duty jacket. Advanced patterning techniques, cutting-edge construction methods, and high-performing technical fabrics all combine to make this a year-round weather solution.

- 1 Designed for cold-weather and rain protection
- 2 100% Polyester waterproof shell with 37.5° laminated lining
- 3 Full side zipper for ventilating and weapon access

APPEARANCE GUIDE

CLASS A DRESS COAT

SHOULDER RANK INSIGNIA

Center on shoulder loops an equal distance from the outside shoulder seam to the outside edge of the button, with the base of insignia pointed toward the outside shoulder.

SHOULDER DEPARTMENTAL EMBLEMS

Usually applied to both shoulders 1/2" to 1" down from the shoulder seam.

NAME PLATE

Center 1/2" above right pocket.

SLEEVE BRAID

Bottom row to be positioned 3" above bottom of sleeve. Additional rows to be spaced 1/4" apart. Number of rows usually used to denote different ranks. Braid may be all around sleeve or top side only.

SLEEVE LENGTH

To be 1 1/2" below wrist bone.

SHOULDER CORD

Usually used for special identification such as Honor Guard. Attach under left shoulder strap just inside sleeve seam.

BADGE

Shall be worn on the outermost garment. Exact positioning may vary with badge style. Usually the badge is centered 1/2" to 1" above center of left pocket flap.

HASH MARKS, STARS OR MALTESE CROSSES

Used to denote years of service. May be on either left or right sleeve. If used with sleeve braid, locate 1/2" above top row of braid. If no braid is used, locate 3" above bottom of sleeve to bottom of Cross, Hash Marks, or Stars.

The Vertx® story started when a top federal agency directly requested a more functional, comfortable and versatile low-profile tactical pant. Leveraging over 179 years of experience, the Fechheimer Brothers Company worked side-by-side with operators to develop the industry's first tactical pant that combined superior functionality with a low-visual profile.

After an incredible reception by the industry, Vertx continued to utilize world-class designers to develop low-profile apparel, tactical garments and low-profile concealed carry bags and packs. Today, as Flying Cross' sister brand, Vertx is trusted by the nation's top operators and prepared professionals for our innovative designs, functionality, fit and versatility.

For more information, visit Vertx.com or contact your local sales rep.

INDUSTRY LEADERSHIP FROM THE BRANDS YOU TRUST

For a little less than two centuries, Fechheimer Brothers Company has been leading the charge in high-quality uniform apparel, gear and accessories our military, public safety and prepared professional customers have come to trust. Fechheimer continues to stand on the strong core competencies of manufacturing expertise, design innovation and forward-thinking developments with its three brands: Flying Cross®, Flying Cross Work™ and Vertx®.

While Flying Cross sets the standard of unsurpassed uniform apparel for the military and public safety markets, that same innovation is offered in its newest line of flame resistant apparel, Flying Cross Work. Flying Cross Work is a collaborative partnership featuring a full line of FR shirts, pants and outerwear for work, or play. Distinguishing itself as a low-profile line of apparel, bags and packs, concealed carry accessories and gear is Vertx. Vertx has continued to make its mark with innovative, thought-provoking designs that meet the functional needs of its consumers in a low-profile, consumer-friendly style.
